

STAGE MAKEUP for “Alice”

COME IN FULL MAKEUP WEDNESDAY & THURSDAY! (and for each performance, of course)

All Actors are in charge of doing their own makeup. Below is a list of what you need and a pic for reference. PLEASE DO NOT SHARE MAKEUP! We do not need to transfer germs and get the cast sick or pass along pink eye. ***Please come with makeup done- no one will be able to help you do your makeup each night.** **QUEEN:** you can wear red lipstick, a more dramatic eye, and false lashes if you want. **FLOWERS:** you can play with eye shadow color, but not lips.

TIPS:

1. Blend your base into your hairline and across jawline so there's not some weird line across your face.
2. I like this base as it's a little heavier and easier to blend into hairlines and below jaw.
3. I like these lipsticks- they set like a lippaint and do not transfer to costumes- perfect for the stage and costume changes!!
4. If you are worried about mascara smudging, use a waterproof brand.
5. You can also add a little highlighting shadow (white or bright cream) to inner corners of eyes and brow bone for added emphasis.
